

Eldercare with a heart.

Smiles and hugs are part of everyday life at the Jewish Eldercare Centre. The emotional, therapeutic and spiritual needs of our beloved residents become the primary focus of attention by our teams of health care professionals – with therapy delivered straight from the heart. We wouldn't want it any other way.

Along with compassionate care, we strive to improve the quality of life of our 320 residents who suffer from Alzheimer's, Parkinson's, diabetes, heart disease and other chronic illnesses.

For information on opportunities to support the Jewish Eldercare Foundation, please call 514-738-4500, ext. 2319.
