MAIMONIDES

Going further in geriatric care
À l'avant-garde des soins gériatriques

A MCGILL UNIVERSITY AFFILIATED CENTRE

Maimonides Geriatric Centre (387 beds) and Jewish Eldercare Centre (320 beds) are working together as partners. These long-term care public establishments provide a continuum of services to the aging Jewish population in Montreal.

Both facilities are looking for committed staff to work in bilingual and multicultural environments. We are building a team committed to excellence, meeting the needs of our residents and families in a vibrant and innovative environment that focuses on the highest standards of care. If you are interested in this challenge, we want to hear from you.

While all applicants will be considered, we will reply only to those who will be interviewed. Please do not call.
